## Policy & Society Focus

### COST's new Action Plan

COST is committed to support young promising teams in the field of research and innovation and contribute to widening pan-European participation, while reinforcing cooperation with near neighbour countries... read more

### ESOF 2012... and much more!

The Euroscience Open Forum Dublin (ESOF 2012) left a mark in Europe's science summer.

COST's 'Personalised Medicine: Better Healthcare for the Future' and 'Green Engineering Camp' were also great successes.

COST is currently working on more events for the months to come. We highlight some in this newsletter and hope to meet you there!
