

Home | Pinboard

Pinboard

Navigate to the page of your choice, click the pin button in the bottom left of your screen and store pages to read later.

How does it work?

When you click on the 'Pin' button, the page you are on is added to a list of pages associated to you as a user of the website.

You need to confirm you want to pin the page by answering the question below (note: the question will only appear when you have pinned pages that you still need to confirm).

Your selection will be stored on your personal pinboard for the next 30 days.

A summary of your current pinned pages is displayed below.

Please note that you must have [cookies](#) enabled to use this feature. Make sure that cookies are not deleted when you close your browser.
