20 - 22 June 2012 ▶ **ESSEM Domain Annual Progress Conference**
 Alexandroupolis, Greece

17 - 22 June 2012 ▶ Exploratory workshops
 Larnaca, Cyprus

▶ **Personalised Medicine: Better Healthcare for the Future - A Rational Approach Focusing on Bioinformatics, Medicinal Chemistry and Medicine**

Personalised medicine, enabled by personalised ICT services, and providing genetic and genomic information of every individual, is designed to give each patient an individual therapeutically active drug while minimising the adverse effects.

13 - 15 June 2012 ▶ **ICT Domain Annual Progress Conference**
 Bucharest, Romania

04 - 06 June 2012 ▶ **CMST Domain Annual Progress Conference**
 Dublin, Ireland

The Annual Progress Conference gives the Actions within the Domain the opportunity to report to the Domain Committee on their outcomes and planned activities for the next year.

31 May - 01 June 2012 ▶ **ISCH Domain Annual Progress Conference**
 Lyon, France

The Annual Progress Conference gives Actions in progress within the Domain the chance to report to the Domain Committee on their current and future activities, and provides the Committee with an opportunity to interact directly with Actions in their Action monitoring role.

29 - 30 May 2012 ▶ COST Action events
 Potsdam, Germany

▶ **EuroEAP 2012 - 2nd International Conference on Electromechanically Active Polymer (EAP) transducers & artificial muscles**

The EuroEAP platform is an instrument created and managed by the 'European Scientific Network for Artificial Muscles (ESNAM)' - COST Action MP1003 to integrate the outcomes of its networking activities in the field of Electromechanically Active Polymer (EAP) transducers & artificial muscles for actuation, sensing and energy harvesting.

29 - 30 May 2012 ▶ **BMBS Domain Annual Progress Conference**
 Zagreb, Croatia

The Annual Progress Conference gives Actions in progress within the Domain the chance to report to the Domain Committee on their current and future activities, and provides the Committee with an opportunity to interact directly with Actions in their Action monitoring role.

28 May - 01 June 2012 ▶ COST Action events
 ▶ **Training School 'Next Generation Sequencing**

analysis methods for life sciences'

This Training School was a Trans-Domain activity funded by COST to involve the Early Stage Researchers (ESRs) from three COST Actions: BM1006 'Next Generation Sequencing Data Analysis Network', TD0801 'Statistical challenges on the 1000€ genome sequences in plants' and FA0806 'Plant virus control employing RNA-based vaccines: A novel non-transgenic strategy'.

15 - 16 May 2012
International Press
Centre, Brussels

External events

▶ **Water Innovation Europe**

COST was delighted to support Water Innovation Europe and reaffirm its commitment to research in the water sector. Water Innovation Europe was an event led jointly by WssTP and ACQUEAU, the EUREKA Cluster for water. It aimed to push forward the central initiative of the European water sector – innovative collaboration for sustainable & competitive results – through active discussion and debate.

26 - 29 March 2012
London, United
Kingdom

External events

▶ **Planet Under Pressure - New knowledge towards solutions**

A major international conference to provide scientific leadership towards the 2012 UN Conference on Sustainable Development - Rio+20
