**18 April 2013**  
Poreč, Croatia

COST Action events

### ▶ **Structural Glass Conference**

COST Action TU0905 'Structural glass - Novel design methods and next generation products' organised a mid-term conference in 2013. This two-day international conference addressed the challenging and rapidly evolving domain of structural glass.

**16 - 18 April 2013**  
Brussels, Belgium

Transdisciplinary strategic event

### ▶ **COST and WssTP Joint Strategic Conference: Water in the Urban Environment - Bringing Research to the Market**

Water is not only as a resource, it has now become a serious political issue. COST, in collaboration with Water Supply and Sanitation Technology Platform (WssTP), brought together scientists and decision-makers to an event that focused on water in the urban environment, discussed the key issue of better water governance and created a market for research.

**09 - 10 April 2013**  
Oporto, Portugal

COST Action events

### ▶ **COST Action IC1005 organises the First International Conference and SME Workshop on HDR imaging**

High Dynamic Range imaging can capture and display the full range of real-world lighting. This Conference and SME Workshop brought together leading academic and industrial researchers and practitioners to review the latest developments and considered the future potential of this revolutionary technology.

**25 - 26 March 2013**  
Madrid, Spain

### ▶ **DC FPS Annual Progress Conference 2013**

The Annual Progress Conference, held every year, gives Actions in progress within the Domain the chance to report to the Domain Committee on their current and future activities, and provides the Committee with an opportunity to interact directly with Actions in their Action monitoring role.

**18 March 2013**  
CERN, Geneva,  
Switzerland

### ▶ **The biggest accelerators in space and on earth**

COST Action MP0905 'Black Holes in a Violent Universe' organised a joint workshop with the CERN Theoretical Physics Division and the Large Hadron Collider Physics Centre at CERN (LPCC). The event took place from 18 to 22 March at CERN, Zurich (Switzerland), and focused on the phenomena taking place at the highest-energies available in the cosmos and in the laboratory...

**14 - 15 March 2013**  
Vienna, Austria

Strategic workshops

### ▶ **Shaping Cities for the New Challenges**

This TUD Workshop focused on scientific and technological novelties, highlighting under-developed scientific areas, and stimulating their strategic development, contributing to shaping cities for the new challenges.

---

**12 March 2013**  
South Moravian  
Innovation Centre in  
Brno, Czech Republic,

External events

▶ **'COST and European Cooperation in Basic Research' at the South Moravian Innovation Centre (JIC)**

COST was invited to the monthly meeting of research grant managers and researchers organised by the South Moravian Innovation Centre in Brno, Czech Republic, to provide hands-on information on how to join COST Actions.

---

**11 - 14 March 2013**  
Barcelona, Spain

▶ **Young Researchers direct the way to Innovation in the Forest-based sector - COST Young Researchers' Forum at the 8th FTP Conference**

Following the success of the Early-Stage Researchers' Forum at the 7th FTP Conference, COST organised an Early-Stage Researchers' Forum at the 8th FTP Conference organised by the the Forest-based Technology Platform.

---

**07 March 2013**  
Wrocław Research  
Centre EIT+, Wrocław,  
Poland

External events

▶ **COST Info Day: Promoting New Emerging Infrastructure and Research Projects**

COST has been invited to organise an Info Day at the Wrocław Research Centre EIT+ in order to introduce the COST programme and opportunities. This effort is part of COST's commitment to increase inclusiveness in COST activities, while fostering scientific excellence throughout Europe.

---

**14 - 15 February 2013**  
European Commission,  
SDR1 conference room

Transdisciplinary strategic event

▶ **Relationship between genome and epigenome Joint Workshop**

This COST and European Commission Research & Innovation Framework Programme workshop brought together scientists from the COST Actions and from the European Commission's Seventh Framework Programme (FP7) to discuss the link between genome and epigenome.
