Ziggie and Zack: Your lightning heroes

Download to print

COST Action P18, 'The Physics of Lightning Flash and its effects', was looking for an innovative way to spread its results to a wide audience. Breaking through as one of the most creative COST Action final publications, a comic was selected to illustrate to children how to protect themselves from lightning and its effects.

The main objective of the Action is to increase knowledge of the physics of lightning and its effects. This is a joint initiative by 21 COST countries, and eight additional institutions from Canada, Japan, Ukraine and the USA.
