25 November 2015 | General

▶ **November newsletter is online**

Stay up-to-date with the COST latest news and opportunities!

24 November 2015 | General

▶ **Engaging with the next generation of European researchers**

An event for policy makers and young COST Action researchers alike, this year's COST Get Together portraits theme depicted the people involved in European research. The evening featured various interviews introducing researchers' work as well as policy makers' views on the role networking played in coordinating research initiatives across Europe.

24 November 2015 | General

▶ **Collecting research data to counter femicide worldwide**

[Femicide across Europe](#) is the first pan-European research network investigating the causes and risk factors of a phenomenon killing thousands of women every year, worldwide.

23 November 2015 | General

▶ **New COST Actions stand out as highly interdisciplinary**

The [first 40 Actions](#) funded under the COST Association show a highly interdisciplinary nature, with almost half of the Actions being related to two or three main [OECD fields of Science and Technology](#).

17 November 2015 | General

▶ **COST Annual Report 2014: A story of diversity**

The latest report focuses on storytelling by looking back on an exceptional and challenging year, providing a round-up of the essential steps taken by COST in developing a modern networking concept welcoming all innovative ideas across any S&T field.

13 November 2015 | General

▶ **EUPancreas @ World Pancreatic Cancer Day**

13 November is the World Pancreatic Cancer Day. [EUPancreas](#) is one of the COST Actions helping the fight against the disease.

15 October 2015 | General

► **Scientific Committee selects the first 2015 COST Action proposals for final approval in October**

The [Scientific Committee](#) held its third meeting on 12-14 October to make the final selection of COST Action proposals which will be submitted to the Committee of Senior Officials (CSO) for final approval by the end of the month.

01 October 2015 | General

► **1st World Congress on Electroporation and Pulsed Electric Fields in Biology, Medicine, Food and Environmental Technologies**

COST Action EP4Bio2Med is organising the first worldwide electroporation congress.

01 October 2015 | General

► **Talking superconductivity with Professor Teresa Puig**

Magnetic high-speed trains, inexhaustible fusion energy, nuclear magnetic resonance and imaging, supercomputers, marine motors and planes. Superconductivity can do all this and more. As the need for energy efficiency solutions is ever more pressing, we turn to superconductivity and its clear potential to transform the world we live in.

31 July 2015 | General

► **Art meets research in Avignon**

In context of the Avignon international theatre festival, the French Research Agency (ANR) organised this year for the second time a conference "Recontres, recherche et creation" dedicated to the study and analysis of creative, communication and perception processes in real and fictional settings.
