07 September 2016 | General

### ▶ **A changing Sun, a changing climate?**

The Sun's impact on our planet's climate has recently been a hotly debated topic in the context of climate change. The controversy around this issue has led scientists across Europe to dig deeper into the claim that solar activity could be a major cause of global warming.

29 August 2016 | General

### ▶ **The robots are coming - and they are here to help**

As Europe's population ages, the number of people requiring rehabilitation following neurological diseases such as stroke is expected to rise. Specialist care from physiotherapists and occupational therapists offers a chance of regaining independence by recovering lost movement.

23 August 2016 | General

### ▶ **Understanding the fate of food**

What exactly happens as we digest food and what are the implications for our health? Answering these questions will help design healthier foods that could curb the rising rates of obesity, diabetes and cardiovascular disease.

16 August 2016 | General

### ▶ **'Toxic gases' as targets for new medicines**

Gases once thought of only as environmental pollutants are now known to be produced by the body. A European research network has identified direct links between these gases and heart failure and cancer, and is now focusing on new drugs to treat such diseases.

08 August 2016 | General

### ▶ **Measuring brain blood flow helps diagnose dementia**

A network of over 200 scientists, clinicians and industry partners developed a cost-effective diagnostic tool for measuring the tell-tale signs of dementia and Alzheimer's.

18 July 2016 | General

### ▶ **Meet us at ESOF 2016, stand C3**

COST is proud of its continuing partnership with the EuroScience Open Forum. This year, we have invited researchers from some of our best science and technology networks to share with you their experience leading and participating in COST Actions.

30 June 2016 | General

### ▶ **Impact of the UK referendum on the COST programme**

Statement of the President of the COST Association, Dr Ángeles Rodríguez-Peña

19 May 2016 | General

### ▶ **May newsletter now online**

## Press and media enquiries

Stay up-to-date with the latest COST news and opportunities!

27 April 2016 | General

► **Research network helps set up online course on urban agriculture entrepreneurship**

Researchers involved in COST-funded Urban Agriculture Europe (UAE) network have helped develop a course meant to equip university students, SMEs, public authorities and NGOs with the right know-how to build on business opportunities and tap into the economic potential of agriculture innovation in urban areas.

20 April 2016 | General

► **Dr Ronald de Bruin, next Director of the COST Association**

The COST Association will welcome its new Director, Dr Ronald de Bruin on 1 June 2016. He will succeed Dr Monica Dietl, Director since April 2011.
