FET - Future and Emerging Technologies Open Scheme
FET-Open is a **light, topic-agnostic** and **deadline free** research funding scheme specifically designed to be open and continuously responsive to novel and fragile ideas that challenge current thinking, whenever they arise and wherever they come from.
[FET - Future and Emerging Technologies](#)

Research & Innovation Participant Portal
The single-entry point for interactions with the research and innovation programmes of the European Commission. It offers you the possibility to use a great variety of services and tools that facilitate the monitoring and the management of your proposals and projects throughout their lifecycle.
[Research & Innovation Participant Portal](#)

Partners

Ecsite - European Network of Science Centres and Museums
COST is a member of Ecsite, the European-wide network organisation that links science centres and museums, natural history museums, zoos, aquariums universities and research organisations in Europe.
[ECSITE](#)

European Alliance for Innovation (EAI)
COST collaborates with this community of innovation leaders from industry, research, government and non-governmental sectors to address Europe's innovation challenges.
[European Alliance for Innovation](#)

genSET - FP7 project Gender in Science
Dialogue and action for Gender Equality & Research Excellence in European Science.
genSET is an innovative project aiming to improve the **excellence of European science** through inclusion of the **gender dimension in research and science knowledge making**.
[Gender in Science](#)

ResearchGATE - a free of charge science platform for the needs of researchers
Researchgate provides scientists with a powerful web-based environment to interact and collaborate.
[ResearchGATE](#)

The ResearchGATE Job Board gives access to the latest jobs in research
