Recent Advances in Rabbit Sciences

Out of Stock

Pages: 300
Author(s): L. Maertens, P. Coudert
Publisher(s): Plot-it bvba
ISBN: 978-92-898-0030-3

This book is the result of the COST Action 848 between rabbit scientists of 14 different countries. The purpose to cover the latest advances in rabbit science has been achieved in this comprehensive work. The different reviews were written by experts in their field and are grouped in 5 chapters: reproduction, housing and welfare, pathology, nutrition and feeding strategies and finally meat quality and safety.
