Events

European Geosciences Union General Assembly

Location	Vienna, Austria
Date	19 - 24 April 2009
Calendar file	.vcs .ics

This year's General Assembly of the European Geosciences Union (EGU) brought together around 9000 geoscientists from Europe covering all disciplines of the Earth, Planetary and Space Sciences and beyond.

Climate change, ocean acidification, the role of CO₂ in geological systems, CO₂ storage, pollution and health, renewable resources and low-carbon energy options were among the central issues.

COST was present at the exhibition with a stand.
