Portugal SB10 - Sustainable Building Affordable to All

Location	Vilamoura, Portugal
Date	17 - 19 March 2010
Calendar file	vcs ics

This international conference set out to make sustainable buildings more accessible.

Portugal is on its way to developing a sustainable building process. This international conference set out to promote the advantages of this concept to everybody including less developed tourist regions.

The conference was organised by iiSBE-Portugal with the support of universities, municipalities and main Portuguese stakeholders.

The Portuguese SB10 conference focused on finding low-cost sustainable technical solutions to make sustainable buildings affordable to all.

Registration

Open to public

COST is supported by the EU RTD Framework Programme

ESF provides the COST Office through a European Commission contract

The Council of the European Union provides the COST Secretariat
