Republike Srbije

COST je međuvladin program za koordinaciju evropske saradnje srodnih naučnih i tehnoloških istraživanja, koja se finansiraju na nacionalnom nivou, a u čijoj realizaciji učestvuje najmanje pet institucija iz zemalja članica.

COST je osnovan 1971. godine (SFRJ je bila jedna od osnivača). SR Jugoslavija je postala punopravni član COST-a juna 2001. godine.

Republika Srbija učestvuje u 85 COST Akcija koje su u toku i koje se realizuju u okviru 9 COST domena .

Pristupanje COST Akciji se ostvaruje kroz proceduru koja rezultira potpisivanjem Memoranduma o razumevanju na nivou država. Dužina trajanja akcije je četiri godine, a saradnju koordinira Upravni odbor, koji čine predstavnici svih potpisnica Memoranduma. Svaka zemlja se može uključiti u Akcije koje su u toku, pod uslovom da nisu u završnoj fazi realizacije.

COST ne finansira direktno istraživanja već je budžet COST programa usmeren na troškove potrebne za podršku kooperacije različitih aktivnosti naučnih organizacija u okviru COST Akcije.
