1. PROCESS FLOW

This document describes the Conference Grants (CG) process, from the moment an applicant submits an application for approval by the Management Committee (MC) Chair to the payment and recording of the amount paid by the Grant Holder (GH) to the grantee.

It is necessary to separate the process in 2 parts: one describes the step to be performed before the mission starts and another the steps to be performed after the mission ends.

2. KEY PLAYERS

- ITC Conference Grant applicant
- MC Chair coordinator
- Grant Holder (GH)

ITC Conference Grant applicant

Any e-COST user who is a PhD student or an Early Career Investigator (ECI) and is affiliated with an institution located in an ITC\(^1\) country participating in the Action can submit an application request for an ITC Conference Grant. Ideally, the application should be submitted at least 45 days before the conference start date.

The applicant must be engaged in an official research programme as a PhD Student or postdoctoral fellow.

MC Chair

The MC Chair performs the evaluation of each received Conference Grant application. The tasks include: evaluate applications, approve or reject these applications in e-cost, evaluate the scientific report after the mission, post-approve or reject the report.

\(^1\) The following countries are considered ITC: Bosnia-Herzegovina, Bulgaria, Cyprus, Czech Republic, Estonia, Croatia, Hungary, Lithuania, Latvia, Luxembourg, Malta, Montenegro, Poland, Portugal, Romania, Slovenia, Slovakia, the former Yugoslav Republic of Macedonia, Republic of Serbia and Turkey.
Grant Holder

The GH monitors the incoming approved applications, sends the successful applicants their Grant Notification and ensures that all grants are paid within the deadline of 30 days.

3. PROCESS OVERVIEW

3.1 Applicant creates a Conference Grant request

The applicant encodes a CG application by logging into e-COST and clicking on the ITC Conference Grants tab.

The tab ‘ITC Conference Grants’ will not be available in the following cases:

- If the applicant’s e-COST profile is incomplete, they will first have to fill in the missing information (affiliation, education details, CV)
- If the primary affiliation of the applicant is not in an ITC country
- If the Education details of the applicant do not demonstrate that (s)he is a PhD student or an ECI

Any already submitted applications are available for consultation in the applicant’s e-COST profile. To submit a new application, the applicant presses the button ‘Create Conference Grant Request’.

The application form contains the following sections:

- Applicant details
- Conference Grant details (the attendance at the conference must start and end during the same Grant Period (GP). If a GP is not active, the applicant will not be able to submit an application.
- Bank details
- Financial support
- Supporting documents (2nd page of the application also reachable by clicking on button in the upper left corner)

The amount of the awarded Grant can never be higher than what the applicant requested.

If the application is rejected, the MC Chair must provide a justification to guide the applicant in her/his resubmission.

The GH logs into e-cost and activates the application.
The GH is able to see the initially requested Grant amount and also the amount approved by the MC Chair, which will be the amount to be paid to the grantee. elena@gmail.com
The GH can consult the approved application by using the different options available for each ITC CG as shown below.

The GH is able to modify the dates of the attendance to the conference, should this be required.

If the MC Chair awarded a Grant lower than the amount requested by the applicant, the distribution of the Grant would be updated accordingly (the amounts for travel and subsistence would be reduced).

1 day and 15 days after the end of the participation in the conference, the grantee receives a reminder to upload the scientific report. The deadline to submit the last supporting document is 30 days from the end of the participation in the conference.

The submission of the report is mandatory or the Grant is cancelled. Late submission, beyond the deadline, can also lead to the cancellation of the Grant.

A scientific report template is available on the Supporting documents page or on-line here: http://www.cost.eu/ITC_conference_grant_report_template. The grantee must complete this template and save it in pdf before uploading it in e-COST.

Below you can find an overview of all your personal ITC Conference Grant applications. You can edit these until they are processed.
