RUNNING ACTIONS LED BY CYPRUS

Examples of chaired and vice chaired Actions

▶ *the arrow icon is a clickable link to each Action*

- ▶ European transdisciplinary networking platform for marine biotechnology
- ▶ Toolkit of care
- ▶ Blastocystis under one health
- ▶ Enhancing small-medium islands resilience by securing the sustainability of ecosystem services
- ▶ Text, functional and other high-dimensional data in econometrics: new models, methods, applications
- ▶ Haemoglobinopathies in European liaison of medicine and science

TESTIMONIAL

“ Participating in COST Actions has given me the opportunity to learn about different research that has been/is being carried out and its results. I also had the opportunity to disseminate our work on the genetic analysis of diatoms for the WatDimon programme. I have had the chance to talk to different people working in different fields around the world and possibly establish collaborations. ”

Mr Panayiotis Klonis

Zoologist and Wildlife Manager I.A.CO Environmental and Water consultants

SUCCESS STORY

▶ **MEDSALT: Delving into the salty secrets of the Mediterranean**

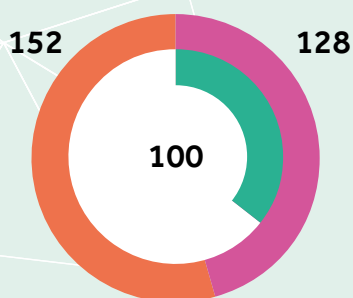

Training School was carried out in Cyprus by the Action MEDSALT.
