RUNNING ACTIONS LED BY GERMANY

Examples of chaired and vice chaired Actions

▶ *the arrow icon is a clickable link to each Action*

- ▶ Identification of biological markers for prevention and translational medicine in pancreatic cancer
- ▶ Parental leave policies and social sustainability
- ▶ Personalized medicine in chronic kidney disease: improved outcome based on big data
- ▶ A multilingual repository of phraseme constructions in central and eastern European languages
- ▶ Improved knowledge transfer for sustainable insect breeding
- ▶ Comparative research on the executive triangle in Europe
- ▶ Reproductive enhancement of crop resilience to extreme climate
- ▶ Safety in the game meat chain
- ▶ Physical layer security for trustworthy and resilient 6G systems
- ▶ European network to tackle metabolic alterations in heart failure

TESTIMONIAL

“ *Networking is essential – breakthrough science needs collaboration. 100 years ago, I could work alone, individually. That is not the case today! A scientific network is key because there is too much data to collect from my colleagues to develop the work and save crucial time. Networking brings other benefits such as tolerance, diversity, friendship and faith, in addition to all the sociological benefits of working with scientists from other continents.* ”

Prof. Luciano Rezzolla

Institute for Theoretical Physics in Frankfurt am Main

SUCCESS STORY

▶ Monitoring Biodiversity with eDNA and DNAqua-Net

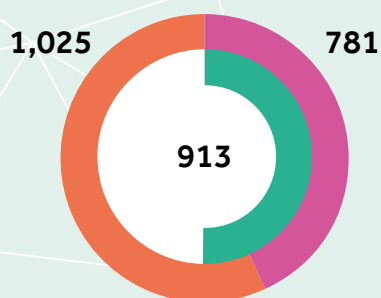

The Action DNAqua-Net, chaired by Prof Florian Leese of the University of Duisburg-Essen.

BUDGET RECEIVED

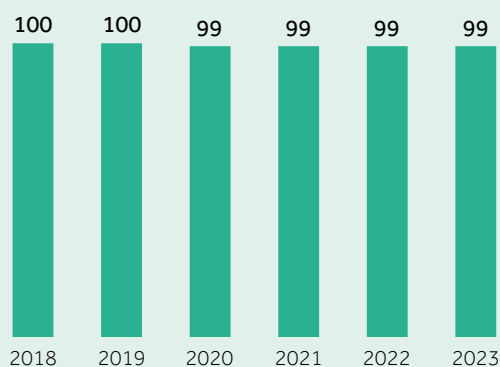

1,871,599.24 €

INDIVIDUAL PARTICIPATION IN ALL ACTION ACTIVITIES

● Women ● Men ● Young researchers
