- ▶ Medicinal plants for animal health care: translating tradition into modern veterinary medicine
- ▶ Fundamental challenges in theoretical physics
- ▶ European curvature and biology network
- ▶ Network for forest by-products charcoal, resin, tar, potash
- ▶ Participatory approaches with older adults

TESTIMONIAL

“ Organizing a workshop in Poland helped me gain recognition in the local scientific community. Through this, I have expanded my collaborative network across a broad, interdisciplinary scope, gained better personal recognition, and can now more easily follow current trends in our research field. The COST Action promotes collaboration and internationalization, both of which are crucial for the development of research and education in Poland.”

Dr Mariusz Stepien
Professor of Electrical Engineering, Silesian University of Technology

SUCCESS STORY

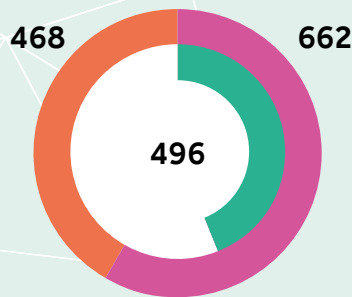

- ▶ **Resistance revisited with NEP4DISSENT**
The Action "NEP4DISSENT", chaired by Dr Maciej Maryl of the Institute of Literary Research of the Polish Academy of Sciences.

BUDGET RECEIVED

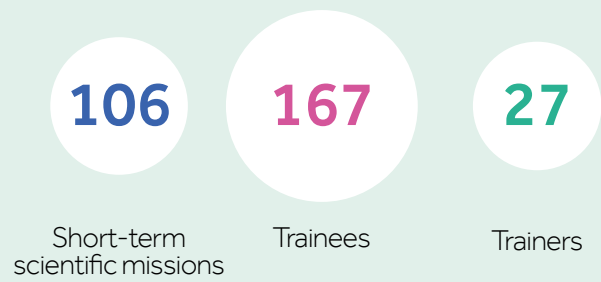

1,226,773.47 €

INDIVIDUAL PARTICIPATION IN ALL ACTION ACTIVITIES
