RUNNING ACTIONS LED BY ROMANIA

Examples of Actions with leadership positions

► *the arrow icon is a clickable link to each Action*

- Bench to bedside transition for pharmacological regulation of NRF2 in noncommunicable diseases
- Work inequalities in later life redefined by digitalization
- Identification of biological markers for prevention and translational medicine in pancreatic cancer
- Globalization, illicit trade, sustainability and security
- Grassroots of digital Europe: from historic to contemporary cultures of creative computing
- Transnational family dynamics in Europe
- European network for fostering large-scale implementation of energy geostructure
- Universality, diversity and idiosyncrasy in language technology
- Prevention, anticipation and mitigation of tick-borne disease risk applying the dama protocol
- Wildlife malaria network

TESTIMONIAL

“ As Science Communication Manager, I participated in an Action focused on resuscitation science. This allowed me to maintain scientific connections established during my time with the European Resuscitation Council, as well as to meet new colleagues and learn about new perspectives, practices, and techniques for life-threatening situations. I was able to create a new research project in the field of cardio-pulmonary resuscitation. ”

Prof. Diana Cimpoesu

Emergency Physician, University of Medicine and Pharmacy "Grigore T. Popa"

SUCCESS STORY
