- Establishing networks to implement the principles on effective interviewing for investigations
- Insectai - using image-based AI for insect monitoring & conservation
- The birth of solar systems
- Justice to youth language needs: human rights undermined by an invisible disadvantage
- National, international and transnational histories of healthcare, 1850-2000

TESTIMONIAL

“Bringing communities together in our COST Action will lead to a great deal of synergy. And hopefully we'll try to understand a little bit more about the chemistry that's going on in space and how that affects us and perhaps even how life evolves.”

Prof. Eleanor Campbell
University of Edinburgh

SUCCESS STORY

► Kidney Exchange Programmes and COST Action innovations

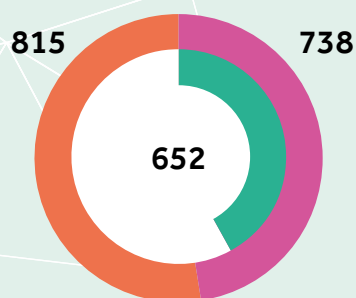

The Actions “ENCKEP” and “KEP-SOFT”, chaired by Prof. David Manlove from the School of Computing Science at the University of Glasgow.

BUDGET RECEIVED

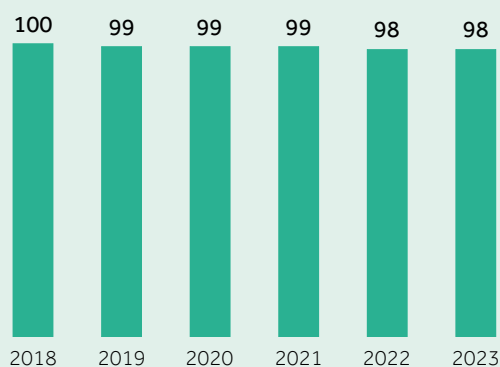

1,568,265.31 €

INDIVIDUAL PARTICIPATION IN ALL ACTION ACTIVITIES

● Women ● Men ● Young researchers
