## TESTIMONIAL

*"The significant accomplishment of the network is the development of a methodology of stroke care quality monitoring. This has allowed us to assess and understand the level of stroke care quality in ITCs across Europe, which is crucial for identifying gaps and driving improvements."*

## SUCCESS STORY

### IMPROVING STROKE CARE ACROSS EUROPE WITH IRENE

The COST Action IRENE, led by Professor Robert Mikulik from the International Clinical Research Centre of the St. Anne's University Hospital in Brno, Czech Republic, developed a standardised methodology for monitoring the quality of stroke care.
