## TESTIMONIAL

*"COST Action training activities allowed me to learn scientific methods and skills which were not possible at my home institution. This exchange of knowledge has greatly increased the quality of my own research and inspired me to adapt new methodologies at my home institution. I have been included in several pan-European projects as a part of the Action network. In short, I have been blown away by the support and inspiring initiative in the Seawheat COST Action."*

## SUCCESS STORY

### SUPPORTING MINORITY RIGHTS WITHOUT BORDERS WITH ENTAN

The Action ENTAN organised a training school in Sønderborg, Denmark, where researchers and students visited the Danish-German border region to observe cultural autonomy in practice.
