TESTIMONIAL

"Being part of a COST Action as a Science Communication Coordinator has taught me new ways to make our research more visible, accessible, and meaningful. This experience helped me bring effective outreach practices to Ukraine, increase the visibility of our work, inspire young researchers to participate in COST initiatives, and build closer connections between Ukrainian scientists and the European research community."

DR OLESIA KULYK

Institute of Functional Materials Chemistry, SSI "Institute for Single Crystals" of the NAS of Ukraine, Science Communication Coordinator in EU4MOFs Action
