RUNNING ACTIONS LED BY BELGIUM

Examples of Chaired and Vice Chaired Actions

> Constitution-making and deliberative democracy
> A pan-European Network for Marine Renewable Energy
> European Network on Understanding Gastrointestinal Absorption-related Processes
> Native Mass Spectrometry and Related Methods for Structural Biology
> Application of next generation sequencing for the study and diagnosis of plant viral diseases in agriculture

> Empowering the next generation of social enterprise scholars
> Multi-Paradigm Modelling for Cyber-Physical Systems (MPM4CPS)
> Police Stops
> Structuring Discourse in Multilingual Europe (TextLink)
> Measuring homelessness in Europe

COUNTRY REPRESENTATION IN COST ACTIONS

LEADERSHIP POSITIONS IN COST ACTIONS

A CLOSE LOOK AT LEADERSHIP POSITIONS

As one of the only programs focusing on networking, COST has a fundamental role to play in promoting and stimulating open innovation in Europe.

Roel Smolders, Principal Investigator, Flemish Institute for Technological Research (VITO)
INDIVIDUAL PARTICIPATION IN ALL ACTION ACTIVITIES

- Women
- Men
- Younger researchers

NETWORKING ACTIVITIES IN BELGIUM

- Short-term scientific missions
- Training schools

BUDGET RECEIVED

€662,464.28

PARTICIPATION IN NETWORKING ACTIVITIES

- Short-term scientific missions: 67
- Trainees: 112
- Trainers: 54

PARTICIPATION PER COUNTRY REGIONS

- Oost-Vlaanderen: 171
- Région de Bruxelles-Capitale / Brussels Hoofdstedelijk Gewest: 157
- Vlaams-Brabant: 146
- Antwerpen: 137
- Liège: 79
- Brabant Wallon: 60
- Hainaut: 41
- Namur: 41
- Limburg (BE): 6
- West-Vlaanderen: 6
COST is an essential tool for boosting science and research in both Inclusiveness Target Countries and research-intensive countries. It is also a unique opportunity for promising young scientists!

Sebastien Carpentier, Assistant Professor, KU Leuven
