RUNNING ACTIONS LED BY RESEARCHERS IN BOSNIA AND HERZEGOVINA

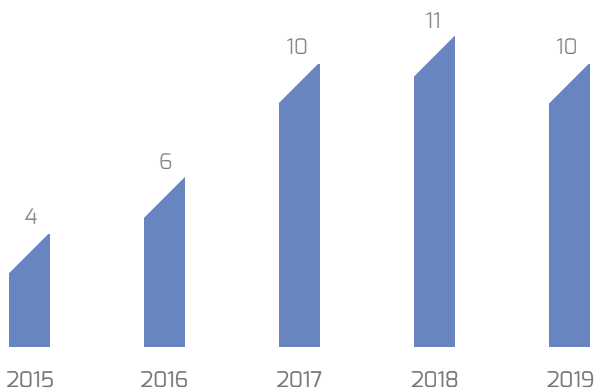

Examples of Actions with leadership positions

- > The voice of research administrators - building a network of administrative excellence (BESTPRAC)
- > Gene Regulation Ensemble Effort for the Knowledge Commons
- > Public Value Capture of Increasing Property Values
- > Realising the therapeutic potential of novel cardioprotective therapies
- > Developing new genetic tools for bioassessment of aquatic ecosystems in Europe
- > New Exploratory Phase in Research on East European Cultures of Dissent
- > Quantum Technologies with Ultra-Cold Atoms
- > Drylands facing change: interdisciplinary research on climate change, food insecurity, political instability
- > Islamic Legacy: Narratives East, West, South, North of the Mediterranean (1350-1750)
- > Transdisciplinary solutions to cross sectoral disadvantage in youth

COUNTRY REPRESENTATION IN COST ACTIONS

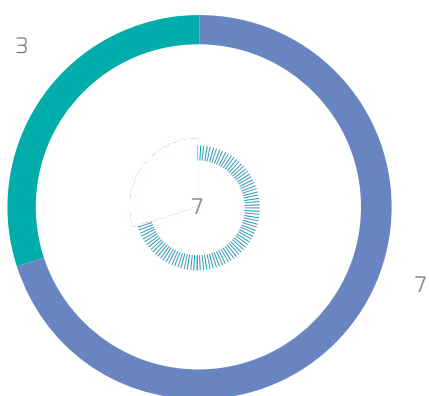

LEADERSHIP POSITIONS IN COST ACTIONS

A CLOSE LOOK AT LEADERSHIP POSITIONS

■ Women ■ Men // Younger researchers

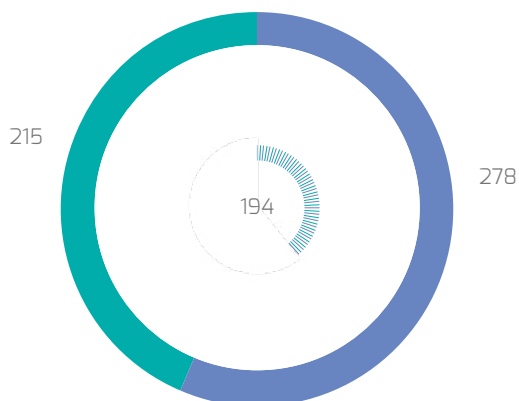

“ COST provided me with a precious opportunity to be a part of the European and world scientific community. This is my only opportunity to meet renowned scientists from all over the globe. It provides such a good opportunity to network with people who do serious research and publish papers! ”

Dr Mersiha Mahmić-Kaknjo, MD, PhD, Department of Clinical Pharmacology, Zenica Cantonal Hospital

INDIVIDUAL PARTICIPATION IN ALL ACTION ACTIVITIES

■ Women ■ Men // Younger researchers

“In DNAqua-Net Action, I was able to develop further the activities in my lab (barcoding) and introduce a new line of research to my country (metabarcoding) through help and collaboration within my COST community. Through the G-Bike COST Action, I was able to develop new, very needed skills in science communication.”

Dr Belma Kalamujić Stroil, Senior Scientific Associate, Head of the Laboratory for Molecular Genetics of Natural Resources, Institute for Genetic Engineering and Biotechnology, University of Sarajevo

G-BIKE projekt

Sarajevo centar genetike i genomije

Misija projekta je povezivanje znanstvenika, upravljača i korisnika prirodnih dobara širom Europe kako bi se ukazalo na značaj primjene znanstvenih saznanja iz oblasti genetike i genomike u zaštiti biljnog i životinjskog svijeta.

<https://www.bljesak.info>

Udruženje za genetičko očuvanje bh. endemičnih i autohtonih resursa "Genofond" uz podršku Univerziteta u Sarajevu – Instituta za genetičko inženjerstvo i biotehnologiju (INGEB) bit će domaćini niza znanstvenih sastanaka, skupova i radionica iz oblasti genetike, a čija će realizacija početi 4. rujna u Sarajevu u okviru G-BIKE COST akcije (European Cooperation in Science and Technology - Europska kooperacija za znanost i tehnologiju).

Kako je potvrđeno Feni u INGEB-u, misija projekta je povezivanje znanstvenika, upravljača i korisnika prirodnih dobara širom Europe kako bi se ukazalo na značaj primjene znanstvenih saznanja iz oblasti genetike i genomike u zaštiti biljnog i životinjskog svijeta.

Glavna ideja G-BIKE projekta je uspostavljanje sustava korištenja
