RUNNING ACTIONS LED BY RESEARCHERS IN SLOVAKIA

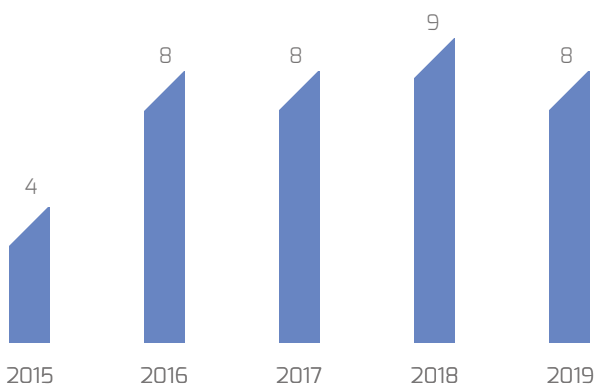

Examples of Actions with leadership positions

- > Theory of hot matter and relativistic heavy-ion collisions
- > SOURDOugh biotechnology network towards novel, healthier and sustainable food and bloproCesseS
- > Wider Impacts and Scenario Evaluation of Autonomous and Connected Transport
- > Mechanochemistry for Sustainable Industry
- > Mobilising Data, Policies and Experts in Scientific Collections
- > Payments for Ecosystem Services (Forests for Water)
- > Ultrafast opto-magneto-electronics for non-dissipative information technology
- > Climate-Smart Forestry in Mountain Regions

“We developed and adapted some general assessment language tools as well as questionnaires, which is very helpful for Slovak speaking children. After the COST Action, we continue the research cooperation and keep on publishing results.”

Dr Svetlana Kapalková, Associate Professor, Department of Communication Disorders, Comenius University, Bratislava

MAKING THE HEADLINES

The screenshot shows a news article on the Global Water Partnership website. The header includes the GWP logo and navigation links: ABOUT, WE ACT, LEARN, PARTNER, and GWP REGIONS. A sidebar on the left lists categories like WE ACT, Projects, THEMES/PROGRAMMES, EVENTS, CAMPAIGNS, PUBLICATIONS, CHANGE AND IMPACT, and News (2020). The main article features a photo of a classroom and is titled "Summer School participants design innovative concepts for a next-generation sustainable resort". The text describes a summer school event in Piran, Slovenia, organized by GWP CEE, UL, ZHAW, and COST Action Circular City. It mentions 34 participants from 14 countries. A "Thematic focus" section highlights the socio-economical and technical aspects of decentralized wastewater treatment. On the right, there are sections for "RELATED LINKS" (Summer School announcement, Photo Gallery) and "REFLECTIONS" (Problem-Based Learning Methodology, Summer School bridges social science and technology, Environmental policy is key to sustainability).

COST Action CA17133 Summer School participants design innovative concepts for a next-generation sustainable resort
